

Unbelievable Performance on

You Can Operate Unitech CNC Router any where in the world through internet

Made in India

Advanced Technology

Mechanically Developed For High Speed 3D Carving

Heavy Duty CNC Router

UT-12HD ULTRA series

Carving on small piece wood planks
Dies & Mould Making
Acrylic Cutting for Gift Articles
PCB Boards
Display Boards

Features: No Vibration
High Speed Processing
Online Technical Support
Remote Watching

X, Y, Z working area	300mm X 600mm X 125mm
X, Y, Z Movement	Hiwin / AMT Ball Screws
Drive System	Stepper Motor
Working Resolution	0.003125/ Step Angle
Reposition Accuracy	0.01mm/600mm
Machine Bed Structure	Heavy Steel Welding
Max. Rapid speed	16000mm/Minute *
Max. Working speed	16000mm/Minute *
Spindle	1.5Kw, 24K rpm, WaterCool
Diameter of cutter	3mm, 4mm, 6mm, 8mm (Er16)
Working voltage	220VAC
Operating system	NCStudio (Online)/ DSP (offline)
Dictate Format	G code, *.u00, *.mmg, *.plt/HPGL/NC
Net Weight	250 Kgs

* Mechanically Developed For High speed 3D carving , on Ultra Series only.
